

The AmTrust Loss Control department specializes in risk management support. We assist our underwriting department by assessing the conditions, practices and processes of the work environment to identify hazards and recommend strategies to management that can help reduce, control or eliminate accidents and losses. Remember, only you can prevent accidents and injuries in your workplace.

## Comprehensive Services

Our professional team of qualified field consultants is ready to provide you with assistance. We offer:

- Local consultants across North America
- Risk management resources
- Job site surveys
- Hazard identification and control techniques
- Education and training
- Loss analysis
- Safety / risk management
- Technical & graphical loss analysis
- Underwriting / risk evaluation
- Technical consultation
- Training & education
- Resource materials

Because we know that access to information about Loss Control initiatives, best practices and training ideas can help control costs, we maintain an extensive Loss Control section on our website: [www.amtrustnorthamerica.com](http://www.amtrustnorthamerica.com).

Our website features a Loss Control library, which offers a wide array of safety training and educational materials that provide both technical guidance, as well as general safety and training resources.

These resources can assist employers in developing solutions to control hazards, train employees and solve risk management problems.

Training employees to observe Loss Control guidelines is an important part of any program. To assist you in your training, AmTrust provides you with access to a variety of training materials and videos.

## Streaming Videos

We have complimentary videos on a variety of subjects that you can use in your safety and training meetings. These include instructor guides, handouts, quizzes and more.

## Training Materials

AmTrust policyholders and insurance agents also have access to a variety of additional training materials at discounted rates.

## Train-the-Trainer

We also offer on-site training for managers at the companies we insure to help “train-the-trainer.”

We know companies need to control costs in today’s competitive market. Promoting workplace safety to minimize employee injuries and expensive claims is one way to help achieve that goal. That is why we are dedicated to providing one of the most effective loss control programs available.
